2008/2009 Canadians

Cambridge Speed Skating has been awarded this prestigious meet during the 2008/09 season. We will need a lot of help from all members during the planning stages of this meet, along with help during the meet. Stay tuned for sign up sheets.

Summer Camp

Cambridge is hosting the summer speed skating camp this year the week of August 20-24. This meet fills up very quickly (usually by June). There will be registration forms available for club members at our AGM/Banquet being held on Tuesday, April 17, 2007. Registration is done on a first come first serve basis with payment.

We are also in serious need for volunteers during this week to help make the camp a success. Please sign up for one of the many different positions available.

Shop and Support

Due to rising costs in delivery fees we are now being charged for delivery. These fees will be divided evenly amongst all participating families and deducted from funds raised at the end of the season.
